

## Instructions for presenting proposals in the XII ADEH Congress.

1. Authors interested in submitting a proposal may send: a) a brief summary (150 words) and an extensive summary (2–4 pages, which may include tables, figures) or b) a brief summary (150 words) and a complete paper. The proposals submitted to the XII Congress of the ADEH will be drafted in accordance with the style instructions of the [\*Revista de Demografía Histórica\*](#). Proposals should be sent to the organizers of the thematic line of interest.

2. We recommend when preparing extended abstracts to deliver sufficiently detailed versions in order to help the organizer of the thematic lines to design the sessions. In this way, we suggest to include on the abstracts summaries a description of the studied, the theoretical approach used, methods, data and expected results. On the other hand, authors can also present complete papers. Complete papers of accepted proposals should be sent until the 28th of June 2019. All documents will be available in PDF format on the Congress website ([www.adeh2019.com](http://www.adeh2019.com)) to allow a fruitful discussion.

3. Authors submitting proposals must provide: names and surnames, affiliation and email addresses of all co-authors of each presentation.

4. If you want your abstract to be considered by the organizers of more than one thematic line, it should be indicated your first and second preferred options, however it is not possible to send a proposal to more than two sessions. Participants can be the first author in only one paper, although its allowed to co-author of other papers and posters.

5. Unless the intention to present a proposal as a poster is expressed, it is up to the organizers of each session to accept it as a communication or poster, or to reject them.

## **Instructions for presenting a Poster**

1. ADEH members can also send abstracts for consideration as posters. All the above instructions for submission of abstracts also apply for the presentation of a poster. Authors who wish to submit their work only for a poster session should include it in their proposal.
